

ENGINEERING TO CREATE SOLUTIONS
SOLUTIONS TO YOUR OUTSOURCING NEEDS

Introduction of the Company

OBP are Outcome Based Procurement., LLC

OBP is a leading oil services company with over 15 years of expertise in the oil, gas, and geothermal sectors. We proudly serve a diverse clientele across multiple countries and regions, supporting sectors such as oil and gas, water wells, mining, and geology. Our unwavering commitment is to deliver the highest quality products and services to our customers worldwide.

OBP aspires to be at the forefront of the Import and Export of Oil, Gas, and Geothermal equipment while being a reliable supplier of spare parts. Specializing in business development, we offer a range of tailored business solutions to meet the evolving needs of our clients. With a global reach, our team of experts excels in industry standards and consistently exceeds client expectations. Through exceptional business process outsourcing services, OBP maintains a competitive edge and ensures unparalleled client satisfaction worldwide.

OBP mission is to provide the highest quality products at the most competitive prices, accompanied by professional service for every customer. We are dedicated to becoming a leading oilfield equipment supplier in China. We warmly welcome customers and partners from both domestic and international markets to join us in forging a prosperous future together.

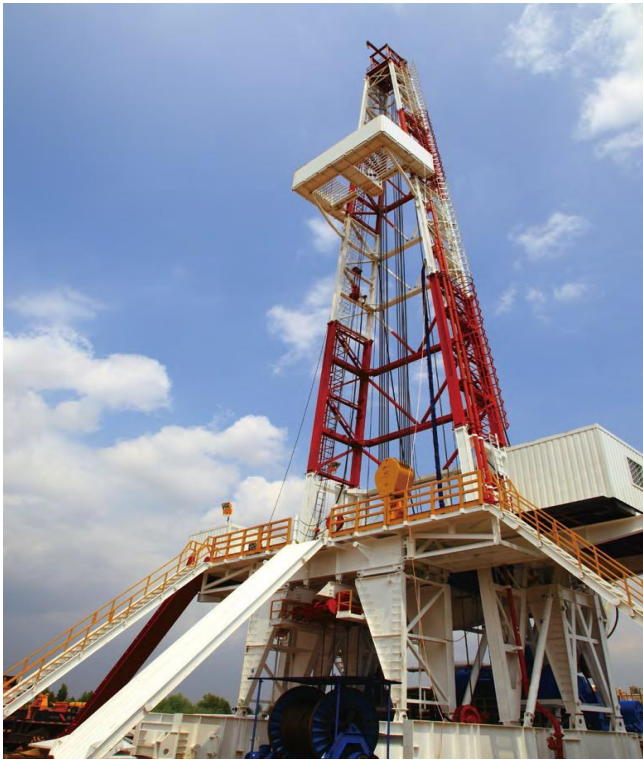

Contents

- Petroleum Equipment
- 1 Rig Accessories

- 3 Solid Control Equipment
- 4 Drilling String
- 5 Handling Tools
- 6 Fishing & Milling Tools
- 7 Cementing Tools
- 8 Downhole Tools
- 9 Mud Pump & Spare Parts
- 10 Plunger Pump & Spare Parts
- 11 Production Equipment
- 12 OCTG & Line Pipe
- 13 Valves
- 14 Flowline Products
- 15 Service Equipment & Accessories
- 16 After Sale Support

PETROLEUM EQUIPMENT

OBP provides a comprehensive selection of new and used well drilling equipment, such as well drilling rigs, mud pump systems, and lifting tools. Our online catalog is continuously updated with the latest offerings from high-quality manufacturers. Whether you need new or used equipment, we are dedicated to accommodating your unique needs. Through strategic partnerships with leading Chinese manufacturers, OBP offers a complete package of engineering, production, sales, and after-sales services, all customized to meet your specific requirements.
